

A New Name. The Same Trusted Program.

We're excited to announce that At Home by Hunt is now
At Home by Silverstone Living!

For more than 15 years, At Home has helped older adults across New Hampshire live independently with confidence, providing personalized support, expert guidance, and a plan for the future.

And while the name is changing, what matters most isn't.

- Same team.
- Same plan.
- Same benefits.
- Same personalized support.
- Same commitment to helping you thrive at home.

At Home has been part of the Silverstone Living family since its creation. Our new name showcases that strong, long-standing connection and reflects the organization that has supported our program throughout its history.

As part of Silverstone Living, we're proud to continue growing and helping even more older adults throughout New Hampshire age with confidence, independence, and peace of mind.
